The State prorates for shelter reducing the Assis-
tance Standard as follows:

The circumstances under which the State prorates
are:

The family allowance shall be reduced when the
AFDC group lives as a household with persons not
exempt. Individuals in the following groups are
exempt from shelter proration: SSI recipients
whose SSI benefits have been reduced because they
are living in a household of another, persons
under 18 years of age, members of another AFDC
group, licensed foster home parents, landlords,
and tenants in bona fide commercial situations, or
persons living in facilities which are licensed by
or under contract with the State Department of
Health and Social Services or in adult care homes
certified by counties.

Assistance Standard

The method used to prorate is:

The formula for calculation of the shelter proration causes a reduction in the Assistance Standard which results in a reduction in the family allowance. Fifteen (15) percent of the Assistance Standard is the amount deemed for shelter costs. The formula for calculation of the shelter proration applies to both the eligibility test and, for AFDC, the determination of grant amount. The steps are:

1. number of persons in the AFDC group.
2. number of persons in the household who do not meet one of the exemption criteria allowed in the shelter proration policy.
3. total of persons in lines 1 and 2.
4. Assistance Standard appropriate to the area for the number of persons on line 3.
5. 15 percent of the Assistance Standard on line 4.
6. Assistance Standard appropriate to the area for the number of persons in the AFDC group (line 1).
7. 15 percent of the Assistance Standard on line 6.
8. multiply amount on line 5 by the number of persons in AFDC group (line 1).
9. divide amount on line 9 from number on line 7.
10. subtract amount on line 9 from number on line 7.
11. subtract amount on line 10 from amount on line 6.

Assistance Standard

-
12. multiply amount on line 11 by 85 percent;
round the result up to the next whole number
if the cents are equal to or above 50 cents;
round down to the next whole number if the
cents are equal to or less than 49 cents.
 13. usual AFDC payment for number of people in
the AFDC group (line 1).
 14. subtract the amount on line 12 from the
amount on line 13.

The amount on line 14 is the amount by which the
AFDC payment will be reduced resulting from the
shelter proration.

Effective Date - September 1, 1983.
